# CUMULATIVE SUBJECT INDEX

Volume 6

## ABSCISS

- otogenic abscess, 164

## ACCOMMODATION

- accommodation and convergence reflexes, 4
- accommodation, convergence and their relation to apparent distance, 279
- method for the objective measurement of accommodation speed of the human eye, 193

## ACOUSTIC NERVE

- case of acoustic neuritis in Heerfordt's syndrome, 267
- disturbances of the nervous stato-acoustic and other cranial nerves following solar irradiation, 270
- neurinoma of the eighth pair, 173

## ACTINOMYCOSIS

- discussion of actinomycosis with composite report of twenty-three cases treated, 355

## ADENOIDECTOMY

- study of delayed bleeding following removal of tonsils and adenoids, 345

## ALARM REACTION

- relationship of chronic recurrent sialadenitis to the alarm reaction, 81

## ALCOHOL

- acute methyl alcohol poisoning, 134
- injections:
  - retrobulbar alcohol injections; relief of ocular pain in eyes with and without vision, 135

## ALLERGY

- contact allergy to plastic artificial eyes, 134
- external diseases of the eye; differential diagnosis and treatment, 57
- phylogenic concept of allergy, 69

## AMAUROSIS—See also Blindness

- in whooping cough, 310

## AMBLYOPIA

- differential diagnosis and treatment of amblyopia, 7
- handling of the amblyopic patient, 36
- psychological aspects of amblyopia, 2

## ANISEIKONIA

- aniseikonia for distance and near vision, 93

## ANESTHESIA

intratracheal

- laryngeal granuloma following intratracheal anesthesia, 249

## ANEURYSM

intracranial

- orbito-frontal headache and ophthalmoplegia due to intracranial carotid aneurysm, 307

## ANIMAL EXPERIMENTATION

- improving technic by means of rabbit surgery, 152

## ANNOUNCEMENTS

- appointment of Dr. Arthur Gerard DeVoe as Professor and Chairman of the Department of Ophthalmology,

New York University Post-Graduate Medical School, 228

- safety eyewear frame selection made easy, 229

## ANOMALIES

- congenital anomalies, 95

## ANOPHTHALMOS

- results of early treatment of congenital anophthalmos, 141

## ANTERIOR CHAMBER

- some effects of injection of hyaluronidase into the anterior chamber, 316

## APHONIA

- psychosomatic aphonia and ephemerical adductor paralysis, 247

## AQUEOUS HUMOR

- method of determining the concentration of dithiocarbamates in the aqueous humor, 318

## ARACHNOID

- optochiasmatic arachnoiditis; report of a case, 34

## ARTERIOGRAPHY

- retinal vascular accident after cerebral arteriography, 320

## ASCORBIC ACID

- tuberculosis and the effect of ascorbic acid on the middle ear, 242

## ASTHMA

- bronchial asthma in adults, causes and treatment, 348
- emergency therapeutic bronchoscopy in the critically ill asthmatic patient, 353
- experimental approach to psychosomatic phenomena in rhinitis and asthma, 356
- vital capacity studies to differentiate types of bronchial asthma, 351

## ASTIGMATISM

- cross cylinder and dial tests for astigmatism, 94
- subjective retinoscope, 15

## AUREOMYCIN

- use of aureomycin in common respiratory diseases, 259

## BEE STINGS

- bee sting injuries of the eye, 317

## BEHCET SYNDROME

- triple complex syndrome of Behcet, 314

## BELL'S PALSY

- treatment of Bell's palsy with histamine (reference), 268

## BLASTOMYCOSIS

- clinical and histopathological considerations on a case of blastomycosis of the eye and face, 227

## BLINDNESS—See also Amaurosis

- among the Chinese, statistical study of 2,000 cases in the Eye Departments of Northwestern Hospital, Sian, and Central Hospital, Chungking, China, 313

## BLOOD DISEASES

- otolaryngologic manifestations of blood dyscrasias, a clinicopathologic review (reference), 359

## BOOK REVIEWS

- Beginning experimental psychology, 326
- Chinese eyesight and spectacles, 323
- Clinical orthoptic procedure, 230, 327
- How to become a doctor, 161
- Light, vision and lenses, 325
- Manual of ocular pathology for optometrists, 324
- Physiology of the eye, 230
- Practice of refraction, 163, 229
- Recent advances in ocular prosthesis, 327
- Researches in binocular vision, 322
- Role of plastics in ocular prosthetic devices, 164
- Some relations between vision and audition, 323
- Textbook of ophthalmology, v. IV, 161

## BRAIN

### edema

- otogenous edema of the brain, 270

### tumors

- some remarks on the behaviour of the inner ear in intracranial tumors, 267

## BRONCHI

- bronchial obstruction, 256

### cancer

- gastric disturbances as a manifestation of bronchial carcinoma, 352
- nitrogen mustard in the treatment of inoperable bronchiogenic carcinoma, 258

### foreign bodies

- foreign bodies in air and food passages, observations on series of 85 cases, 354

### tumors

- bronchial neoplasms, 352

## BRONCHIOGRAPHY

- with a water soluble opaque substance, 351

## BRONCHOSCOPY

- emergency therapeutic bronchoscopy in the critically ill asthmatic patient, 353

## CAMPS

### refugee

- statistics of trachoma in a Shanghai refugee camp, 286

## CANCER

- carcinoma of the craniopharyngeal duct simulating epipharyngeal tumor, 68
- external ocular malignancy, 125

## CARDIOSPASM

- treatment of cardiospasm, 83

## CAROTID ARTERIES

- ligature of the arteria carotis communis and interna, 71
- ocular symptomatology of the sino-carotid syndrome, 145

## CAROTID BODY

### tumors

- tympanic body tumors in the middle ear; tumors of carotid body type, 89

- cataract with atopic dermatitis, dermatologic aspects with special reference to preoperative and postoperative care, 295

## CATARACT

- cataract and tetany produced by parathyroid deficiency during pregnancy, lactation and menstruation, 303
- tryptophan determination in cataracts due to deficiency or delayed supplementation of tryptophan, 304

### hereditary

- family with eight generations of hereditary cataract, 185

### surgery

- cataract complicata following chronic iridocyclitis, surgical treatment and prognosis, 280
- cataract surgery, 302
- consideration of the possibilities in cataract surgery, 305
- flakes of iris pigment on posterior surface of cornea following cataract extraction, 299
- important complications of cataract surgery (exclusive of sympathetic ophthalmia), 297
- intra-capsular cataract operation, experiences and suggestions, 299
- modern trends in cataract surgery, 300
- preoperative preparation of the cataract patient, 301
- selection of type of surgery for the cataract patient, 293
- warning about lens extraction in the edentulous patient, 297

## CHEMOTHERAPY

- chemotherapy, 159

## CHIASM

- chiasmal syndromes, 47

## CHILDREN

- rhinology in children, resume of and comments on the literature for 1948, 78

## CHOANA

### atresia

- bilateral choanal atresia, report of a case in an infant and review of literature, 245
- surgical repair of congenital choanal atresia, 246

## CHOLESTEATOMA

- chronic cholesteatomatous and chronic cholesterinic otitis, 271
- morphogenesis of cholesteatoma of the middle ear, 174

## CHORDOMA

- cranial chordoma, 336

## CHOROID

- choroiditis guttata, 321

### cancer

- metastatic carcinoma of the choroid in cancer of the male breast, 218

### sarcoma

- prognosis of sarcoma of the choroid, 292

## CILIARY BODY

- studies on the effects of beta irradiation applied circumferentially to the ciliary body of rabbits, 312

## CLEFT PALATE

- modern trends in hare-lip and cleft palate surgery with a review of 500 cases, 179

## COCHLEA

- cochleo-vestibular lesions in acute carbon monoxide poisoning, 176
- experimental investigation into the problem of humoral transmission in the cochlea, 237
- observations through cochlear fenestra, 236
- reversal of biochemical processes in cases of cochlear and vestibular dysfunction, 330

## CONJUNCTIVA

- conjunctival and corneal calcification in hyperkalemia, 15
- diseases*—See also *Conjunctivitis*.
- some conjunctival affections, 204
- Stevens-Johnson disease, 207
- Stevens-Johnson syndrome, 203

## CONJUNCTIVITIS—See also Keratoconjunctivitis.

- acute conjunctivitis caused by Hemophilus, 206

## CONVERGENCE

- accommodation, convergence and their relation to apparent distance, 279

## CORNEA

- effects of metabolic poisons and of some other agents on intercellular cohesion in corneal epithelium, 210
- flakes of iris pigment on posterior surface of cornea following cataract extraction, 299

### *diseases:*

- case of pyocyanus abscess of the cornea treated with streptomycin, 137
- recurring and corneocutaneous varicella, 209

## CORNEA

### *grafts*—See *Grafts, corneal*.

### *surgery:*

- corneal surgery, 19

### *ulcers:*

- contribution to the treatment of corneal ulcers, especially serpiginous ulcers, 208

## CRANIOPHARYNGEAL DUCT

### *cancer:*

- carcinoma of the craniopharyngeal duct simulating epipharyngeal tumor, 68

## CURARE

- research in the use of curare for ocular surgery, 222

## CUPULA

- studies on the completed structure and mechanism of the cupula, 333

## CYSTICERCUS

- in the external rectus of the left eye, 313

## DEAFNESS

### *inner ear:*

- inner ear deafness of sudden onset, 235

## DENIG'S OPERATION

- Denig's operation for trachomatous pannus, 147

## DERMATITIS

- cataract with atopic dermatitis, derma-

tologic aspects with special reference to preoperative and postoperative care, 295

### *external ear:*

- Pseudomonas aeruginosa* dermatitis successfully treated with streptomycin, 232

## DERMATOLOGY

- associated eye and skin manifestations of systemic disease, 139

## DIABETES MELLITUS

### *retinopathy:*

- diabetes mellitus complicated by hypercholesterolemia, lipemia retinalis and hepatomegaly: a case report, 23
- xanthosis (vel discoloratio flava) fundi diabetica and the appearance of sharply outlined retinal vessels, hitherto unnoticed characteristics in diabetic retinopathy, 215

## DILATATION

- operation for diffuse dilatations in initial portion of the esophagus, 86

## DIPHITERIA

- post-diphtheritic esophageal stenosis, 182

## DITHIOCARBAMATES

- method of determining the concentration of dithiocarbamates in the aqueous humor, 318

## DUODENUM

### *ulcer:*

- stricture of the esophagus associated with operation for duodenal ulcer, 263

## DYSPLASIA

- monostotic fibrous dysplasia: report of two cases, 175

## EAR

### *abscess:*

- otogenic abscess, 164

### *bones:*

- fracture of the malleus, 90

### *external:*

- herpes zoster oticus, Ramsay Hunt's syndrome, 328

### *middle*—See also *Otitis media*.

- morphogenesis of cholesteatoma of the middle ear, 174

### *internal*—See also *Cochlea; Organ of Corti; Deafness, inner ear*.

- some remarks on the behaviour of the inner ear in intracranial tumours, 267

### *middle:*

- allergy of the middle ear, 337
- early detection of middle ear malignancy, 167

- intra-attico-tympanic diaphragm, its part in the pathogenesis of otitis in infants, 241

- tuberculosis and the effect of ascorbic acid on the middle ear, 242

- tympanic body tumors in the middle ear; tumors of carotid body type, 89

### *surgery:*

- endaural surgery of the temporal bone, 174

### *syphilis:*

- suggestion in regard to treatment of late

congenital syphilis of the hearing organ, 328

#### **EAR DRUM—See Tympanic Membrane.**

#### **ENCEPHALITIS**

- localized non-suppurative encephalitis with definite transitory hemiplegia following ethmoid and maxillary sinusitis, 342
- otogenic non-purulent encephalitis, 268

#### **ENDARTERITIS**

- diagnostic significance of retinal arterial systolic pressure; endarteritis obliterans of the central retinal artery, 21

#### **ENTROPION**

- genesis and operation of the cicatricial (trachomatous) entropion of the upper lid, 125
- simple intervention for relief of spastic entropion, 124

#### **EPISTAXIS**

- treatment of epistaxis in Osler's disease by resection of the septum, 67

#### **ESOPHAGUS**

- operation for diffuse dilatations in initial portion of the esophagus, 86
- simple oesophageal cast, 87
- swab biopsy of the esophagus, 355

##### *achalasia:*

- surgical treatment of achalasia of the esophagus, 261

##### *atresia:*

- anesthesia for repair of congenital atresia of the esophagus, 262
- rare complication of the operation for esophageal atresia, 262

##### *burns:*

- conservative management of chemical burns of the esophagus and their sequelae, 89

##### *cancer:*

- cytologic examination of sediment from the esophagus in a case of intra-epidermal carcinoma of the esophagus, 84
- fine nylon tubes for feeding in esophageal carcinoma (reference), 261

##### *fistula:*

- pharyngo-esophageal diverticulum, 85
- tracheo-esophageal fistula, with report of a case treated successfully by ligation and end-to-end anastomosis, 346

##### *stricture:*

- new method of threading an esophageal stricture, 88
- post-diphtheritic esophageal stenosis, 182
- restoration of the lumen in complex cicatricial esophageal stenosis, 88
- stricture of the esophagus associated with operation for duodenal ulcer, 263

#### **EXOPHTHALMOS**

- exophthalmos, 307
- relation of steroid hormones to the development of experimental exophthalmos, 308

#### **EYE—See also Vision**

- eye in diseases of the nervous system, 311
- psyche and eye, 312
- anomalies:
  - congenital anomalies, 95

- congenital cyclopia and orbital cyst together with other developmental anomalies on the same side of the face, 159

- ectopic lacrimal puncta; a congenital anomaly associated with absence of the lacrimal papillae and causing chronic tearing, 124

- family of the valley of St.-Imier Switzerland, manifesting the recessive transmission by consanguinity of multiple ocular anomalies, 185

- malformations within the eye, 153

- multiple congenital anomalies of the eyes, 186

- retinal dysplasia, 215

##### *artificial:*

- contact allergy to plastic artificial eyes, 134

- monoplex plastic eye units, 67

##### *cancer:*

- external ocular malignancy, 125

##### *diseases:*

- associated eye and skin manifestations of systemic disease, 139

- changes in the eye and ocular adnexa due to rabies and its treatment, 144

- classification of ocular disease, 144

- external diseases of the eye; differential diagnosis and treatment, 57

- local and general sulfonamide therapy in diseases of the eye, 225

- ocular psychoneuroses, 91

- rare eye disease in myeloid leukemia, 319

- rosacea complex, including its ocular component, 142

- triple complex syndrome of Behcet, 314

- use of pantothenic acid in ophthalmology, 226

##### *examination—See also Vision, tests.*

- comparison of electrical and psychophysical determinations of the spectral sensitivity of the human eye, 1

- low power infra-red microscope, roentgenologic findings, 15

##### *foreign bodies:*

- wartime experiences in the treatment of ocular and intraocular foreign bodies, 320

##### *function:*

- changes in performance and in ocular functions resulting from strenuous visual inspection, 285

##### *in industry—See Industrial Ophthalmology.*

##### *infections:*

- chemotherapy, 159

##### *injuries:*

- bee sting injuries of the eye, 317
- pathology of eye injuries, 151

##### *movements:*

- handling of the amblyopic patient, 36
- surgical technique in management of motor anomalies, 102
- vertical deviations, 96

##### *muscles:*

- bilateral paralysis of external rectus muscle in hypertelorism, report of a case with convergent strabismus, 199
- cysticercus in the external rectus of the left eye, 313

- differential diagnosis of paresis of superior oblique and superior rectus muscles, 197
- responses of the intra-ocular muscles of the dog and the cat to electrical stimulation, 194
- physiology:**
  - comparison of electrical and psychophysical determinations of the spectral sensitivity of the human eye, 1
- surgery:**
  - dependence of surgery on physiology, with special reference to the treatment of glaucoma, 221
  - details in ophthalmic surgery, 313
  - improving technic by means of rabbit surgery, 152
  - ligature of the arteria carotis communis and interna, 71
  - research in the use of curare for ocular surgery, 222
  - technic of surgical closure of retinal holes at the posterior pole, 21
  - traumatic surgery of the eye, 148
- EYEGROUNDS**
  - giant calcio-ossous hydro-hematophorous; angiospastic retinitis or exogenous toxic (sulfamide) injuries of the eyegrounds, 136
- EYELIDS**
  - carcinoma of the eyelids, 128
  - differential diagnosis and treatment of ptosis, 130
  - external diseases of the eye; differential diagnosis and treatment, 57
  - genesis and operation of the cicatricial (trachomatous) entropion of the upper lid, 125
  - simple intervention for relief of spastic entropion, 124
- FACE**
  - lethal granulomatous ulceration involving the midline facial tissues, 264
- surgery:**
  - plastic surgery; four case reports, 70
- FISTULAS**
  - fistula oris congenita, 232
  - tracheocephalic fistula with report of a case treated successfully by ligation and end-to-end anastomosis, 346
- FIXATION**
  - further considerations of fixation disparity in the binocular fusional processes, 286
- FLYING—See Night Flying**
- FOREIGN BODIES**
  - abdominal typhoid simulated by sphenoid osteomyelitis due to a nasal foreign body, 183
  - foreign bodies in air and food passages, observations on series of 85 cases, 354
  - wartime experiences in the treatment of ocular and intraocular foreign bodies, 320
- FENESTRATION**
  - development of the otic capsule in the region of surgical fenestration, 168
  - fenestration operation for otosclerosis; a survey of experience with 75 cases together with a study of the effect of the contralateral ear, 172
  - plastic correction of congenital atresia of the external auditory meatus combined with fenestration to improve hearing, 165
- FRANCESCHETTI'S OPERATION**
  - experience with Franceschetti's operation for construction of an artificial pupil, 287
- FUNDUS**
  - fundus changes in arterial hypertension, 27
  - pathological conditions of the ocular fundus, 307
- FUSION**
  - toxicity induced by fusional movements, 191
- GASSERIAN GANGLION**
  - simple radiological aid to gasserian injection, 75
- GLAUCOMA**
  - acute secondary glaucoma due to spontaneous rupture of the lens capsule, 48
  - concurrence of glaucoma and Ménière's disease, 219
  - contribution to the neurological relation of glaucoma, 220
  - early diagnosis of chronic primary glaucoma with remarks on the value of perimetry in relation to prognosis and treatment, 222
  - glaucomas; definition, mechanisms, classifications, 50
  - glaucomatous uveitis, 220
  - histopathology of acute and chronic glaucomas, 51
  - hormone excretion of glaucomatous patients, 220
  - hypopituitarism in five cases of primary juvenile glaucoma, 222
  - incidence of glaucoma, 50
  - wide angle or compensated glaucoma, 120
  - treatment:**
    - dependence of surgery on physiology, with special reference to the treatment of glaucoma, 221
    - gonioscopic evaluation of operations for glaucoma, 121
    - operation for primary glaucoma; goniodialysis combined with sclerectomy and its inclusion, 49
    - principles of nonsurgical treatment of glaucoma, 52
    - principles of surgical treatment of glaucoma, 53
    - treatment of congenital glaucoma with beta radiation; report of a case, 35
- GNATHOSTOMA SPINIGERUM**
  - uveitis of a Chinese caused by *Gnathostoma spinigerum*, 292
- GOITER—See Thyroid Surgery**
- GONIOSCOPY**
  - in hypertensive uveitis, 290
- GRAFTS**
  - conjunctival:**
    - keratitis as a late sequel of mustard gas

- exposure, treatment with conjunctival grafts, 210
- corneal:*
- lamellar graft of the cornea for Morren's ulcer, 18
  - prognosis of corneal grafts, 211
  - technique of corneal grafting with a review of three cases, 211
- GRANULOMA**
- lethal granulomatous ulceration involving the midline facial tissues, 264
- HAND-SCHÜLLER-CHRISTIAN DISEASE**
- case of generalized lipoidosis of the temporal bone type Hand-Schüller-Christian disease, 268
- HARE-LIP**
- modern trends in hare-lip and cleft palate surgery with a review of 500 cases, 179
- HEAD**
- head tilt in strabismus, 17
  - injuries:*
  - usual manifestations of head injuries, 54
- HEADACHE**
- orbito-frontal headache and ophthalmoplegia due to intracranial carotid aneurysm, 307
- HEARING**
- audiometric studies of presbycusis, 181
  - detection of noise susceptible ears, 172
  - hazards of intense sound and ultrasound, 167
  - lightning as a cause of hearing loss, 171
  - nasopharyngeal irradiation and hearing acuity, a follow-up study of children, 251
- HEERFORDT'S SYNDROME**
- case of acoustic neuritis in Heerfordt's syndrome, 267
- HEMANGIOMA**
- of the lateral band of the pharynx and nasopharynx, 253
- HEMOPHILUS**
- acute conjunctivitis caused by Hemophilus, 206
- HEMOTYMPANUM**
- idiopathic haemotympanum, 184
- HERPES ZOSTER**
- herpes zoster oticus, Ramsay Hunt's syndrome, 328
- HETEROCHROMIA**
- vascular nevus associated with heterochromia, 291
- HORMONES**
- hormone excretion of glaucomatous patients, 220
  - relation of steroid hormones to the development of experimental exophthalmos, 308
- HYALURONIDASE**
- some effects of injection of hyaluronidase into the anterior chamber, 316
- HYDATIDS**
- hydatid of orbit, 131
- HYDROCEPHALUS**
- otitis hydrocephalus, 170
- HYPERGLYCEMIA**
- conjunctival and corneal calcification in hypercalcemia, 15
- HYPERTELOKISM**
- bilateral paralysis of external rectus muscle in hyperelokism, report of a case with convergent strabismus, 199
- HYPERTENSION**
- fundus changes in arterial hypertension, 27
  - pathology of hypertensive retinopathy, 103
- HYPOPARATHYROIDISM**
- cataract and tetany produced by parathyroid deficiency during pregnancy, lactation and menstruation, 303
- HYPOPIUITARISM**
- in five cases of primary juvenile glaucoma, 222
- INDUSTRIAL OPHTHALMOLOGY**
- eyes and industry, 138
  - fact-finding methods in industrial vision, 138
  - history of the safety movement, 227
  - visual testing techniques, 137
- INFANTS**
- inter-attico-tympanic diaphragm, its part in the pathogenesis of otitis in infants, 241
- IRIDECTOMY**
- gonioscopic evaluation of operations for glaucoma, 121
- IRIDOCYCLITIS**
- cataracts complicata following chronic iridocyclitis, surgical treatment and prognosis, 290
- IRIS**
- rubeosis iridis, 293
  - essential (progressive) atrophy of the iris, 288
- IRITIS**
- ocular defects in Still's disease, 142
- JAWS**
- fractures:*
  - treatment of maxillofacial fractures, 76
- KERATITIS**
- as a late sequel of mustard gas exposure, treatment with conjunctival grafts, 210
- KERATOCONJUNCTIVITIS**
- recent epidemic of keratoconjunctivitis in the region of Paris, 209
- KERATOMALACIA**
- case of keratomalacia cured by penicillin and vitamin A, 137
- LACRIMAE APPARATUS**
- ectopic lacrimal puncta, a congenital anomaly associated with absence of the lacrimal papillae and causing chronic tearing, 124
  - lacrimal gland tumors, 226
  - operation for removal of the lacrimal sac and formation of a fistula into the nose, 56
- LARYNGECTOMY**
- postlaryngectomy clinic of the National Hospital for Speech Disorders, a statistical study of 300 patients, 249

## LARYNX

- laryngeal granuloma following intra-tracheal anesthesia, 249
- solitary neurofibroma of the larynx, report of two cases, 246
- paralysis:*
  - diagnosis of recurrent nerve paralysis, therapeutic considerations, 344
  - laryngeal paralysis following thyroidectomy, 275
  - paralysis of the recurrent nerve following strangulation, 248
  - psychosomatic aphonia and epiglottic adductor paralysis, 247
- tuberculosis:*
  - coexistence of cancer and tuberculosis of the larynx, 344
  - role of streptomycin in laryngeal tuberculosis, 344
  - tuberculous laryngitis treated by streptomycin, 343
  - two cases of epithelioma of the larynx in patients with pulmonary tuberculosis, 176

## LENS

- acute secondary glaucoma due to spontaneous rupture of the lens capsule, 48
- contribution to data on slight disturbances caused by proliferation of pigment epithelium, 146
- sclerosis of the crystalline lens, 298

## LENSES

- concealed glare filters or supplementary lenses, 319
- progress report on plastic ophthalmic lenses, 200
- bifocal:*
  - bifocal lenses, 2
  - serving the difficult presbyopic patient with bifocals, 202
- corneal:*
  - corneal lens, 200
- trifocal:*
  - clinical study of trifocal lenses, 202

## LEPTOSPIROSIS

- leptospirosis uveitis, 288

## LEUKEMIA

- rare eye disease in myeloid leukemia, 319

## LIGHT ADAPTATION

- course of foveal light adaptation measured by the threshold intensity increment, 192

## LIGHTNING

- lightning as a cause of hearing loss, 171

## LIPEMIA RETINALIS

- diabetes mellitus complicated by hypercholesterolemia, lipemia retinalis and hepatomegaly; a case report, 23

## MACULA

- macular lesions, 25, 109

## MALLEUS

- fracture of the malleus, 90

## MASTOIDITIS

- immediate and total suture in acute mastoiditis, 177
- indications for treatment of acute otomastoid processes based on the pain syndrome, 239

## MEATUS

- plastic correction of congenital atresia of the external auditory meatus combined with fenestration to improve hearing, 165

## MELANOSIS

- congenital benign melanosis of the eye, 315

## MENIÈRE'S DISEASE

- concurrence of glaucoma and Ménière's disease, 219
- Ménière's syndrome, observations on vitamin deficiency as the causative factor, the general disturbance, 334

## MINTACOL

- experience with mintacol, 224

## MONILIASIS

- oral and pharyngeal moniliasis: report of ten cases, 82

## MOOREN'S ULCER

- lamellar graft of the cornea for Mooren's ulcer, 18

## MULLER'S ORBITAL MUSCLE

- some aspects of Muller's orbital muscle, 187

## MUSTARD GAS

- keratitis as a late sequel of mustard gas exposure, treatment with conjunctival grafts, 210

## MYASTHENIA GRAVIS

- myasthenia gravis, 309
- thyrotoxicosis, exophthalmic ophthalmoplegia, myasthenic gravis and vitiligo, 143

## MYDRIASIS

- traumatic mydriasis, 287

## MYIASIS

- case of ocular myiasis, 317

## MYOPIA

- spherical aberration of the eye, 3

## NASOLACRIMAL DUCT

- incidence of congenital impatency of the nasolacrimal duct, 341

## NASOPHARYNX

- evaluation of irradiation of pharyngeal and nasopharyngeal lymphoid tissue, 250
- hemangioma of the lateral band of the pharynx and nasopharynx, case report, 253
- nasopharyngeal irradiation and hearing acuity, a follow-up study of children, 251
- tumors of the nasopharynx, 73
- use of radium in treatment of hypertrophic lymphoid tissue in the nasopharynx, 71

## NECK

- deep infections of the neck, 357

## NERVOUS SYSTEM

- eye in diseases of the nervous system, 311

## NEURINOMA

- neurinoma of the eighth pair, 173

## NEURITIS

- further contribution to study of nasociliary neuritis; genuine interstitial neuritis and degenerative parenchymatous neuritis, 141

## NEURODERMATITIS DISSEMINATA

### convergent

- bilateral paralysis of external rectus muscle in hypertelorism, report of a case with convergent strabismus, 199

### vertical

- further contributions to the surgical

treatment of non-paretic vertical strabismus, 198

#### STRANGULATION

-paralysis of the recurrent nerve following strangulation, 248

#### STREPTOMYCIN

-case of pyocyanus ring abscess of the cornea treated with streptomycin, 137

-further experimental studies of the toxic effects of streptomycin on the central vestibular apparatus of the cat, 234

-*Pseudomonas aeruginosa* dermatitis successfully treated with streptomycin, 232

-role of streptomycin in laryngeal tuberculosis, 344

-tuberculous laryngitis treated by streptomycin, 343

#### SUCCINYL-SULFAMIDE

-use of a mixture of penicillin, succinyl-sulfamide and urea for local application in oto-rhinolaryngology, 176

#### SULFONAMIDES

-local and general sulfonamide therapy in diseases of the eye, 225

-sulfonamide and blood coagulation, 342

#### SUNLIGHT

-disturbances of the nervous stato-acoustic and other cranial nerves following solar irradiation, 270

#### SYMPATHECTOMY

-treatment of tinnitus by tympanic sympathectomy, 241

#### TELEVISION

-survey of visual complaints related to television, 139

#### TEMPORAL BONE

-case of generalized lipoidosis of the temporal bone type Hand-Schüller-Christian disease, 268

-endaural surgery of the temporal bone, 174

*fractures:*

-peripheral facial paralysis in fractures of the temporal bone, 336

#### TETANY

-cataract and tetany produced by parathyroid deficiency during pregnancy, lactation and menstruation, 303

#### THRESHOLDS:

*visual:*

-absolute threshold and night myopia, 192

-course of foveal light adaptation measured by the threshold intensity increment, 192

#### THYROID

*surgery:*

-laryngeal paralysis following thyroidectomy, 275

-respiratory disturbances during and following goiter operations, 273

#### THYROTOXICOSIS

-thyrotoxicosis, exophthalmic ophthalmoplegia, myasthenic gravis and vitiligo, 143

#### TINNITUS

-treatment of tinnitus by tympanic sympathectomy, 241

#### TONGUE

-malignant myoma of the tongue, 273

#### TONICITY

-induced by fusional movements, 191

#### TONSILLECTOMY

-as treatment of acute peritonsillitis, with clinical and statistical observations, 255

-in the aged, 255

-study of delayed bleeding following removal of tonsils and adenoids, 345

#### TONSILLITIS

-acute pharyngeal tonsillitis and sequelae, 82

#### TONSILS

-eliminating function of the tonsils, 254

#### TRACHOMA
